

**Welcome to Liberty: Your choice for
Washroom & Workplace Solutions**
Product & Services Catalogue

We're Officially **B Corp Certified!**

We are thrilled to announce that our company has officially achieved B Corp Certification, a prestigious milestone that underscores our unwavering commitment to balancing profit with purpose.

This recognition reflects our dedication to creating meaningful, positive impacts on our employees, customers, communities, and the environment.

What is B Corp Certification?

The rigorous certification process evaluates businesses across five critical areas:

Governance ~ Team ~ Customers ~ Community ~ Environment

By meeting these exceptional standards for social and environmental performance, accountability, and transparency, we proudly join a global movement of businesses united in building a more sustainable and equitable world.

Why This Matters

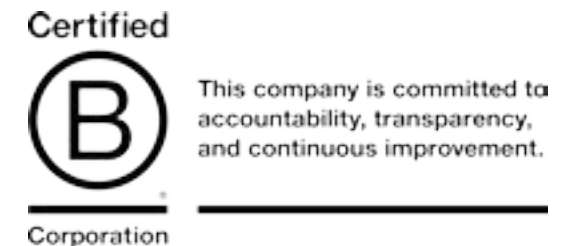

Becoming a B Corp is more than a milestone—it's a promise.

We're committed to:

- Striving for excellence in the way we operate.
- Ensuring that every decision we make benefits our stakeholders, the planet, and future generations.
- Inspiring positive change and contributing to a better shared future.

Thank you to everyone who has supported us on this journey—thank you. Together, we're proving that business can be a powerful force for good.

Let's continue making an impact, one step at a time!

- Discreet, low friction modesty flap
- Modesty flap hides contents from view
- Hygienic foot pedal operation
- Manufactured from ABS plastic
- Bag tidy hooks prevent liners from slipping during use
- Hidden clip for freshener sachets
- Quick, tool free access

Offensive Waste

High & Low Risk Clinical Waste

We offer a Sack Only Collection service and a Bulk Waste Service with a range of bin sizes – 240, 360, 700 and 1100 litres. We can even supply the bins for a small monthly charge. Our clients include nursing and residential homes, day nurseries and GP surgeries to hospitals and laboratories.

All of this waste is safely disposed of and recycled into energy, at specialist plants. The incineration process turns the steam into electricity, creating a renewable energy source.

Liberty Hygiene holds ISO14001 certification, which is the principal management system standard, which specifies the requirements for the formulation and maintenance of an EMS. This helps to control environmental aspects, reduce impacts and ensure legal compliance.

All collections come with the relevant certification and documentation. We provide Waste Transfer (Duty of Care) Notes and Consignment Notes for High Risk disposal. Liberty is a fully licensed waste carrier / broker and our Registration Number is CBDU64382

Air Fresheners

Vibe Air

The VIBE® Vibrating Mesh Technology system is an aircare dispenser that utilises patented technology, giving real green and efficiency benefits. The technology is where a mesh/membrane, with numerous laser cut holes, vibrates at the bottom of the reservoir, and thereby pressures out a mist of very fine droplets through the holes.

Oxygen Viva!e

The worlds first air freshener to use new Ox-gen Powered Technology. No sprays, no cans just the best technology for fragrance delivery Viva! E is designed and engineered to deliver consistent and continuous levels of fragrance and odour control for the full 60 days life of each refill (sold separately). The multi patented medical-grade oxy-gen technology ensures precise doses of intense scent with no variation on delivery or drying out. Operates on 2 x AA alkaline batteries.

Air Fresheners

Oxygen-Pro Air

Oxygen-Pro is the perfect odour control system for any establishment as the user can program the dispenser to work for 30, 60 or 90 days, and can select different fragrance intensity levels with the flexibility of two different cartridge sizes to choose from.

Oxygen Supreme

Oxygen-Supreme's new elegant and integrated design is perfect for any facility. Available in a range of colours and striking finishes with new two tone possibilities, the Oxygen Supreme System will elevate the image of your washrooms, offices, reception areas, conference rooms and more.

- W295 x H320 x D165 (mm)

Veltia Hand Dryer

VELTIA® an innovative hand dryer that operates without heating element. Operates automatically when putting your hands in the drying chamber and works based on high speed air allowing to dry hands in a very short time leaving on the skin a nice feeling of a massage.

Soap Dispensers

The Sanitex Soap Dispensing System

The Sanitex soap dispensing system has a unique pouch feature, that reseals each pouch ensuring servicing is quick, simple and contamination free. The “push to dispense” Sanitex system can accept a choice of innovative liquid, spray or foam pumps which provide flexibility for a choice of users’ preferred soap option, without the necessity to change the entire dispenser.

Push button & automatic available.

Modular Dispenser

This modular soap dispenser offers a host of customer advantages. Using a universal enclosure, the dispenser can be fitted with a variety of interchangeable pumps allowing the delivery of liquid, spray or foam soap.

The cover locks automatically when it is closed and can be selected to open with the use of either a push button or the supplied key. The cover also acts as the pusher, eliminating the need for an arm lever.

The interchangeable pump has the ability to be locked into place to prevent tampering. This modular soap dispenser has a translucent window.

Push button & automatic available.

Liberty Multi Vending Machine

Enhance your washroom with Liberty Hygiene's premier vending machines. Powder-coated for maximum protection and virtually maintenance-free, they can be placed anywhere.

- 100% Vegan & eco-friendly materials

Organic Cotton Tampons

- Made from organic cotton
- 100% Biodegradable!
- 100% Vegan & eco-friendly materials

Water Management Systems

Sensa Flush

Sensaflush is a unique urinal flush management system designed to drastically reduce water consumption by eliminating unnecessary and expensive wastage. The Sensaflush system is incorporated into the water supply to the urinal cistern & controls flush frequency by only allowing flushing when user is detected. If detection does not occur within a 12 hour period Sensaflush automatically provides a sanitizing flush.

Quadrasan

The Quadrasan system provides continuous programmable maintenance ensuring W.C. and urinal fixtures remain clean, sanitized and odour free.

Water Management Systems

Bip P Urinal Caps

Easy-fit universal water-saving device for all urinals.

Bio P conveniently fits into any urinal – even those that have been adapted to accept retro-fitting systems which have been removed, leaving an open hole.

The Bio P contains our well-proven biological block, which cleans and deodorises the urinal trap while also preventing the build-up of scale and solids. By reducing the flushing frequency to three times within 24 hours, urinals are maintained in optimum condition and dramatic water savings enjoyed.

P – Wave Splash Mats

Features of P-Wave® Slant6 Urinal Screen

High fragrance load for a long-lasting fresh aroma
EcoPure® additive enhances faster biodegradation
'Splash-eliminating' angled bristle design
Double-sided, 'Anyway Up' installation.

- Contains beneficial bacteria for deodorising
- Waterless urinal compatibility
- Lower VOC's
- 100% recyclable

Workplace Services

Laundry and Linen Services

At Liberty Hygiene, we offer a wide range of quality linen laundry services including:

Towels and Tea Towels - Table Linen - Hotel Linen - Uniforms

We ensure that the laundry is collected and returned efficiently, effectively with sustainability at the forefront. With processes and equipment all monitored carefully, we ensure that the environmental impact of our laundry service is as low as possible.

However, this does not impact on the quality of our service or end product to our customers. We ensure all items are returned in pristine condition. Every item is checked to ensure our customers receive a quality product and staff take great pride in the excellence they deliver. The staff are fully trained to process, pack and store your products to the highest possible standard.

We also think you will appreciate our flexible contract approach as we know that, especially in hospitality, demand varies throughout the year.

Floor Care

Internal & External Premium Mats

Keep floors clean and help to avoid slips, trips and accidents. Floor Care for every location and occasion.

We are experts in quality Floor Care solutions, offering customisable mats in any shape, size, color, and material. From entrance mats to durable aluminium options, our mats are designed for safety, durability, and aesthetics. Our service includes regular replacement of soiled mats with freshly laundered ones, ensuring constant floor protection. With non-slip backing and flame-retardant properties, our mats enhance safety while allowing for personalised branding or welcome messages. We also provide solutions for recessed mat wells, ideal for high-traffic areas.

External Mats

All of our external mats are made with high quality materials. We provide a range of different mats in all shapes and sizes, get in touch for more information.
